

# SOUTH BAY BEAN CITY LAKE HARBOR

Mrs. Mallie Fay Walker, son, Roger, and house guests, Mr. and Mrs. Carroll Warren, Gwen and Jimmie of Macon, Ga., enjoyed a few days outing last week at Fort Myers Beach.

Charles Peacock had the misfortune Monday night to hit a cow on the highway between South Bay and Belle Glade, damaging his car severely. He reported that the cow appeared unexpectedly in the glare of his headlights just as he was passing another car and he was unable to stop in time to avoid the collision.

Peabody Austin has gone to Stuart to work on the reconditioning of a big dredge, which is being readied for construction work in Venezuela.

Mr. and Mrs. Alfred Vadaz and family enjoyed a day's outing at Jensen Beach Sunday.

Mrs. Mary Armstrong, who has been visiting her sister, Mrs. John L. Evans in Bean City, left last week by plane for her home in Seattle, Wash.

Mr. and Mrs. C. E. Crichtfield visited his mother, Mrs. P. D. Crichtfield in the Tampa Hospital last week where she is recovering from recent surgery.

Mr. and Mrs. Nathan Bolton of Lake Harbor, Mr. and Mrs. W. Wilder were among those vacationing at Fort Myers Beach last week.

Mr. and Mrs. Clayton Waters, daughter Penny and Mrs. Mary McCarron visited his parents, Mr. and Mrs. G. M. Waters at Goodno Sunday.

O'Neil Walker spent a few days with Mr. and Mrs. D. L. Shiver and family at Fort Myers Beach last week.

Mr. and Mrs. Lewis Kelsoe have purchased the former L. O. Ratley home on Boies Ave.

Mr. and Mrs. Gerome Woodham have returned from a visit

with relatives at Ozark, Ala.

Miss Shirley Campbell submitted to an appendectomy at the Belle Glade Memorial Hospital last week. She returned to her home Sunday.

Mrs. B. M. Fender is visiting her niece and nephew and other relatives in Chicago, Ill., this week.

Mr. and Mrs. R. R. Roadman have as house guests her cousin and wife, Mr. and Mrs. Lyle Gillette of Terra Haute, Ind.

Mrs. Frank Tyler and children spent Monday in Fort Myers on business.

Mrs. Dorothy Cumpton of Belle Glade visited Mrs. R. R. Roadman and other friends here last week.

Mr. and Mrs. F. B. Willis had as house guests last week her mother, Mrs. Ida Hoover of West Palm Beach, her brother, Mr. and Mrs. F. Hoover, Ann, Iva, Bill and Bob of Pittsburgh, Pa.

Mr. and Mrs. E. E. Hardy and family of Eaton Park visited Mr. and Mrs. O. H. Martin and family Monday as they were en route home from Miami where they attended the wedding of his brother, Jimmy Hardy on Friday night.

Mr. and Mrs. Alfred Vadaz, Karen and Carol left Tuesday for a week outing and fishing trip up through the lake region of Florida.

Mrs. J. D. Garham, Nancy and Mr. Bill Goodbrand are visiting relatives in Dublin, Ga., for a couple of weeks.

Mr. and Mrs. E. M. Willis, Barbara Jean, John and Joan have returned from a fifteen-day vacation trip during which they visited Washington, D. C., Gatlinburg, were guests of Mr. and Mrs. E. M. VanLandingham in Hendersonville, N. C., and enroute home visited relatives in Savannah and other points in Georgia.

Mr. and Mrs. C. E. Crichtfield, Mr. and Mrs. R. R. Roadman and the late Harry D. Smith at Boca Raton.

Mr. and Mrs. Hector Ouellette are building a new home in the Fisher subdivision.

Miss Jane Allen entered the Belle Glade Memorial Hospital Monday for observation and treatment.

Linda Abstein of Fort Pierce spent last week here with her grandparents, Mr. and Mrs. W. C. Allen, Mr. and Mrs. Floyd Abstein and Judy visited her Sunday and took Linda back home with them.

Pic Boyer Davis and wife of Columbus, Ga., motored to South Bay and spent the weekend with Mr. and Mrs. Andrew Nick. Mrs. Davis has visited in the Glades and will be remembered as Miss Jane Smith of Gastonia, N. C.

Mrs. Cora Marlowe has returned from a visit with her sister in Starker, her daughter and son-in-law, Mr. and Mrs. Ellis Blanchard in Tampa and relatives in Fort Myers.

Mr. and Mrs. J. C. Warren, Gwen and Jimmie have returned to their home in Macon, Ga., after a visit with her mother, Mrs. Mallie Fay Walker, and his parents, Mr. and Mrs. J. W. Warren of West Palm Beach.

LDS Church Have Guest Speakers Sunday Night

Maurice Sorenson of Mendon, Utah and Albert Anderson of St. Johns, Ariz., now stationed in West Palm Beach were guest speakers at the Church of Jesus Christ of Latter Day Saints Sunday evening. Elder Sorenson outlined some good ideas for carrying on the church work and Elder Anderson talked on Cooperation.

The Woman's Relief Society met Monday afternoon at the home of Mrs. Evelyn Atkinson at the Osceola Camp.

The afternoon was spent in making quilt squares.

The hostess served cake and pineapple juice.

Those attending were Mrs. Hattie White, president, Mrs. Julius Herring, Mrs. Ethel Davis, Mrs. Penny Williams, Mrs. Ruby Atkinson and Mrs. Lucille Walker.

GENIE CRITCHFIELD HAS SLUMBER PARTY

Genie Crichtfield was hostess on her 13th birthday at a slumber party. Guests were her cousins, Julie Crichtfield of Sebring, Rebecca Woodham and Karen Vadaz.

## Dance, Swim Party Closes Recreation Program Thursday

The South Bay Recreation Program has been in high gear for the past five weeks and is rapidly drawing to a close.

There have been approximately 180 registered and an average attendance of 50.

The big event of the summer has been family night once each week. Friday, July 15, there were approximately 160 in attendance for the folk games and square dancing.

Last Friday night the children presented their families with a program of talent, stunts, tricks and tumbling, relays and games. Some 80 children took part during the evening with 150 children and adults in attendance.

The closing week will be a climax of all activities with many tournaments in progress. A high degree of interest has been manifest in rope climbing, relays, high jump, broad jump, still walking, soccer and softball.

Arts and crafts have been a major interest the entire summer and many articles completed by the children. An exhibit of these articles were on display at the program Friday night.

The closing program will open Thursday at 3 p.m. with cold drinks and watermelon for everyone on the school lawn. Immediately thereafter the group will motor to the Pahokee Pool where they will have private use from 5 to 7 o'clock. Red Cross cards will be given to those who can pass the swimming tests. Approximately 40 children have learned to swim this summer.

The evening will be given over to folk and square dancing on the school tennis court under direction of Harold Emery of West Palm Beach.

The program has been highly successful this year under the direction of Principal Pelton Morris, John G. Abbott and Miss Myrtle Gilman.

Swim Party And Picnic Ends Summer Program

The Lake Harbor recreation closes Friday after a successful six weeks. More than 60 children were registered during the summer with an average daily attendance of 30.

The highlights of the program have been swimming parties on Tuesdays and Thursdays. Practically all of the children have learned to swim.

The program will be climaxed Wednesday when there will be an all day swim party and picnic at Riviera Beach.

John Abbott, director, wishes to thank all of the parents who have cooperated so fully in this program. Some of the parents have gone on all the swimming trips and have undoubtedly given of their time so that the program could be successful.

Garden Club Begin Planting Program

Mrs. Wm. Masonic was hostess at a work meeting of the South Bay Garden Club Tuesday afternoon.

The group spent the afternoon planting seeds and transplanting trees to be used later for the beautification of the North New River Canal banks through the townsite.

100 orchid seedlings and 29 palm seedlings transplanted into large cans. One three-foot royal palm was planted in a bucket.

The hostess served punch, cookies and cakes.

Others attending were Mrs. E. C. Willis, Mrs. Oren Miller, Mrs. I. P. Roberts, Mrs. Verda Higginbotham, Shirley Miller and Michael Roberts.

WINNERS NAMED IN DOLL SHOW THURSDAY MORNING

The doll show on Thursday morning under direction of Miss Myrtle Gilman was one of the closing events of the summer recreation program. Twenty-six dolls were entered in the contest.

Judges were Principal Pelton Morris, Barbara Jean Kerley and Joyce Challancian.

First prizes were awarded as follows:

Best cared for doll, Janet Crichtfield.

Most unusual, Jenny Austin. Oldest, Susan Allen.

Best presented, Laura Rogers. Cutest, Jimmie Brown.

Prettiest, Brenda Miller. Best Dressed, Gail Masonic. Smallest, Harry Dalrymple.

Best foreign, German, Clara Ann Eilers.

## Gardening

By MRS. ROY A. BAIR

Garden Study Club

(Description of herbaceous perennials suitable for Florida gardens continues.)

Daylilies (Hemerocallis spp.) One of the best of all perennials. Because of their hardiness, long blooming period, brilliant coloring and freedom from pests and diseases, daylilies are indispensable for Florida. They are particularly good if adapted types are used in plantings.

Daylilies were discussed in detail earlier in this column.

Dwarf Lily-Turf (Ophiopogon japonicus). Perennial stems lily-like, herb of about a foot in height, that grows from rhizome rootstocks and creeps by means of stolons. Tiny spikes of white or violet flowers are inconspicuous. Like its close relative, the Liriope, this grass-like plant is very useful as a ground cover or as an edging. It seems to be quite happy under the most trying conditions of shade, heat or cold, drought or humidity. Some shade is necessary. There is also a variegated variety. Propagation is by division.

False Dragon Head (Physocarpus virginiana). This is a vigorous hardy herb, about three feet in height, that has the characteristic square stem and cooled leaves of the millet family. The white, pink or lilac flowers are borne in a four-sided spike and are especially useful because they bloom in autumn. False Dragon Head is as particular as to soil but responds well to good culture. Propagation is by division.

Ferns are grown throughout Florida in moist shady locations. Scores of varieties are wild and many are horticultural varieties which are happy in our outdoors.

Flat Sedges (Cyperus spp.) These are useful for water gardens or pools. The two principal species are umbrella plant or papyrus.

Ginger Lily (Hedychium coccineum) and herb with canna-like leaves that grows to a height of four to six feet. The long-tubed white flowers which appear in September and October are very fragrant.

Golden Glow (Rudbeckia laciniata). This perennial has flower stalks which rise to four or five feet and bear many large, full double, lemon-yellow flowers that are beautiful for both garden decoration and cutting. Increasingly a variety, being grown in South Florida, was originally recommended for the climate and soil of northwestern Florida where it blooms in the fall.

Iris (Iris spp.) Irises of the several beautiful native Florida and Louisiana species and varieties will do well.

Lily Turf (Liriope spp.) Members of the lily family with graceful grass-like foliage a foot high are especially fine as ground covers and edgings. These foliage perennials are not particular as to soil but seem to grow best in shade.

More (Morea spp.) Iris like plants which may substitute for the summer. Free of pests, Liolopes are tolerant of heat and cold. Propagation is by division.

Madagascar Periwinkle (Vinca rosea). This is a robust, ever blooming perennial. Of easiest culture, it has escaped cultivation and may be seen in old fields and about abandoned homesites. In spite of the fact that it is so common it deserves a place in the garden to give a cheerful mass of color, even without attention. Propagation is by seeds and cuttings.

More (Morea spp.) Iris like plants which may substitute for the summer. Free of pests, Liolopes are tolerant of heat and cold. Propagation is by division.

Pampas Grass (Cortaderia seloana). Popular in the state as a lawn specimen. Grows in large graceful clumps bearing striking plumes which rise to height of 12 feet. This is a heavy feeder that requires full sun for best development. It is valuable as a screen often used with clumps of bamboo.

Pentas (Pentas lanceolata). These plants thrive with little care. Colorful, attractive heads

of tubular flowers in magenta, pink white and rose are borne throughout most of the year. Prized as a cutting flower since its keeping quality is excellent. Cuttings root quickly if set where they are to grow and are watered frequently.

(More descriptions of herbaceous perennials next week.)

Petting wild animals can be dangerous when they are small. It becomes more dangerous as they grow larger, advises the Florida Park Service.

The graceful swinging bridge in Hillsborough River State Park has been in use 17 years with scarcely any upkeep needed. It was built by the CCC.

NEWEST thing in Room with a View

It's the 4-Door Riviera—the stunning new hit of America's Hardtops

WHEN Buick introduced America's first hardtop—the Riviera—folks went for it in a big way, and fast.

They liked the Convertible look of this 2-door beauty—long, low and rakish. They liked the added security of the steel roof.

And they certainly liked the absence of center posts in the side window areas—which gave a completely unbroken view left and right.

People liked it all so well that, over the past six years, they made the Riviera the biggest-selling hardtop in the world, bar none. And it still is.

Now Buick has come up with another great advance in hardtops—the 4-Door Riviera—and it's a sensational hit.

It has everything the original 2-Door Riviera has—plus separate doors for rear-seat passengers, and a whole of a lot more room for them.

Rock-solid half-pillars on either side are what latch the front doors and hinge the rear ones. So there's no center post above the door line—and a completely open sweep of view to both sides.

And the roominess provided by this gorgeous new hardtop is really something—over 9 inches more hiproom and 5 inches more legroom in the rear.

That way you can also try what else is to be had here—Buick comfort, Buick power, Buick ride and handling and roadability—plus the electrifying action of Buick's Variable Pitch Dynaflow.

Do it this week—tomorrow would be fine—and you'll see what record volume really means in the way of record-high trade-in deals.

\*Variable Pitch Dynaflow is the only Dynaflow Buick build today. It is standard on ROADMASTER, optional at modest extra cost on other series.

Why don't you come see this brand-new kind of automobile that's heading up the parade of the hottest-selling line of Buicks in history?

## Big Demand Felt For Architects In Southern States

The South will need three architects for every two now practicing by 1960, Dean William T. Arnett of the University of Florida's College of Architecture and Allied Arts disclosed today.

Pointing to the fact that the building field is now the nation's largest single industry, Dean Arnett said the demand for architects at this time is "tremendous" and will continue to increase.

The noted architectural educator said a recent survey by the Southern Regional Education Board has found that the South has about a fourth of the nation's urban population and new construction, as compared with a fifth of the nation's architects.

Current graduates from the University's School of Architecture and Allied Arts—fourth largest in the nation, and largest in the South—are receiving an average of three job offers each in the fields of architecture and building construction, he said.

While the starting salaries are not extremely high, Dean Arnett explained, they are more than adequate and informal surveys show that graduates within a few years are making more than their college instructors are.

"These architects and build-

ing construction people will have to come from our schools. The apprenticeship training of such people is now as outmoded as 'reading law' in a law office in preparing for the bar examinations," he said.

The survey of the Southern Regional Education Board also revealed the fact that collegiate schools will probably supply 80 per cent of all new architects added to the profession.

Dean Arnett said another field in which the demand is extremely high at the present time is in community planning. The University offers a graduate program in the subject and some 150 Florida municipalities now have planning boards of some description. A relatively new field, the number of such boards has tripled in Florida since 1950, he added.

Among the other fields for which students are trained in the College are landscape architecture, interior design, planning and drawing, commercial art, crafts, and costume design.

While the demand for people in these fields is not as great as that for architects and building construction people, there are ample opportunities for them in comparatively few graduates in these professions, he said.

**AAA LITTERBAGS 'HELPING TO KEEP STATE BEAUTIFUL'**

In co-operation with Governor LeRoy Collins' program to keep Florida beautiful, the AAA will distribute thousands of "Lit-

terbags" to its members for use on motor trips.

Robert J. Finley, manager of the AAA's South Florida Division, in announcing the campaign, explained that "litterbags" are water-proofed paper sacks in which the motorists may deposit cans, bottles and food waste for disposal later.

Finley recently was appointed to the Keep Florida Beautiful Committee created by Gov. Collins in an executive order. Mrs. Eugene A. Smith, Miami, of the Florida Federation of Garden Clubs, is chairman of the committee.

"We are pleased to make this contribution to keep our roadsides and parks free of trash and rubbish left by the thoughtless minority of motorists," Finley said. "Trash-tossers cost the taxpayer thousands of dollars each year in clean-up crews."

He noted that the litterbag has been marketed with flashlights in the Florida Caverns State Park at Marianna, where cans in the state's natural springs, park and boxes on every roadside and beach, and his initials carved or painted on public buildings.

Aside from spoiling the attraction of the scenery, he pointed out that litter is a fire and safety hazard, a cause of pollution in streams, and a cause of erosion when highway drainage systems become clogged.

**New 'Prior Service' Policy Profits Vets In U.S. Air Force**

All military service veterans discharged since July 1951 will find that many occupational skills and technical knowledge acquired through such service are in great demand by the Air Force.

Starting July 1, the Air Force put into operation a new policy which established a grade scale for enlistment and re-enlistment for all prior service personnel. The grade scale is based on technical skills and grade held at time of discharge.

A choice of area or base assignment is also part of the new policy which favors the discharged veterans. In some cases it carries provisions whereby veterans may elect re-enlistment for a specific overseas theater.

The plan was devised to increase procurement of the much needed prior service technician and to insure assignment where skills could be used immediately. Basically, grade determination will be dependent upon skill, date of separation and the need of the occupational field specialty.

The new plan will be implemented at all U.S. Air Force Recruiting Stations throughout the United States. Each station will receive a periodic breakdown of skills categorized in order of needs. The breakdown will encompass all occupational skills used in the Air Force and will be listed in six classifications ranging from needed to surplus. Those in a surplus field can request re-enlistment and re-training in a needed skill.

Veterans having a needed occupational skill will benefit most by the new policy. For some skills the previous 90 days in grade enlistment time limitation has been extended considerably. In some instances where separation date is over 18 months but less than 24, the veteran can re-enlist and lose only one grade. Some possessing particular skills who have been separated over 42 months but less than 48 may re-enlist with the loss of only two grades if otherwise qualified.

In the past very few veterans received such consideration for in grade re-enlistment if the time out of service exceeded 90 days.

McSgt. John Salver of the local Air Force Recruiting Office stated that Air Force officials believe that the new policy carries the answer to many of the re-enlistment problems.

Sgt. Salver said that by extending the 90 day in grade enlistment period in certain skills one of the prime deterrents to re-enlistment will be eliminated.

**FOREIGN CEMENT IN RAMIE FIBER OUT**

A cargo of 36,000 bags of foreign cement, originally scheduled to arrive at the Port of Palm Beach in MV Christian Shield of the Deep Sea line out of Antwerp, will now reach this port in SS Hignaut, of the same line, on or about August 20, according to George M. Antell, traffic manager of the port.

Additional cement shipments are tentatively scheduled for this port on October 1 and November 1.

Antell said the delay in delivery of this cement, occasioned by a wildcat longshoremen's strike which ended in Antwerp

on July 18, has eased the shortage of space in the port's warehouses on Slip No. 2 with previously stored cement being moved out by Palm Beach area consignees and the vacated space being filled with bales of ramie.

Meanwhile the Christian Shield, which sailed from Hamburg, Germany, on July 8 for Havana, is scheduled to dock here about July 28 to lift approximately 450,000 pounds of ramie for Antwerp and Rotterdam for the account of Newport Industries of Canal Point. Nearly 600 bales of ramie have already been moved into the port warehouses awaiting Christian Shield.

Antell noted that the tanker Alexandria, scheduled to reach this port on July 30 with approximately 30,000 barrels of fuel oil for the Florida Light and Power Co.

**Military Contracts With GMC Announced**

Military contracts totaling more than \$10,500,000, involving 636 tactical vehicles and replacement parts, were announced today by P. J. Monaghan, vice president of General Motors.

Thomas E. Penick, Chairman of District No. 10 Welfare Board, announces that the District Office started accepting applications for the Aid to Disabled Persons program July 1.

It is emphasized that the program is for the totally and permanently disabled from 18 to 65 only. All the forms have been prepared and furnished the Districts. The official plan for the

administration of this new program has been approved by the U. S. Department of Health, Education, and Welfare.

Mr. Penick points out that the decision for such a large program as aid to Florida's disabled will take time, and he cautions applicants not to expect too quick action.

One of the reasons the program will be a bit slow in getting started is the fact that each application will have to be approved at the Department of Welfare's State Office in Jacksonville by a team consisting of a medical doctor and a medical social worker. In addition, according to a state law requirement, the ability of all legally responsible relatives to support the disabled person also must be checked.

After the eligibility of an applicant is determined, the amount of assistance is worked out according to the individual's needs and ability to provide for himself. Maximum assistance is \$55.

The 1953 Legislature first approved the program, a joint state-federal action. But the appropriation became unavailable when a dog track tax proposed

to finance it was declared unconstitutional. The 1955 Legislature rewrote the law providing the appropriation from the general revenue fund.

State Park Dog Manners are being stressed in order to lighten the work load on the State Park maintenance crews. Emphasis is on leaving the area as clean or cleaner than before you used it.

If you don't say anything, you won't be called on to repeat it.

MEET THE REITZES—Dr. J. Wayne Reitz, president of the University of Florida, gathered with his family in their Gainesville home. From left: Daughter Margaret Ann, 17, wife Frances and daughter Marjorie, 14.

## HUNTING SEASON DATES GIVEN BY COMMISSION

The state-wide hunting season on native game animals and birds will open one-half hour before sunrise Wednesday, November 23, under action recently taken by the Game and Fresh Water Fish Commission at Orlando, according to A. D. Aldrich, director.

First five days of the season will be open to hunting deer, turkey, bear, panther, quail, squirrel and rabbit in all sections of the state. The period from December 23 through January 1 will also be open every day throughout the State.

Hunting will be allowed on Mondays, Tuesdays and Fridays and on consecutive open days in all districts of the state except the Northwest Third District, where hunting will be allowed every day of the season.

Hunting of deer, turkey, bear and panther will close at sunset January 8. Quail, squirrel and rabbit hunting will continue until sunset February 1. Although rabbit hunting is allowed all year, a license is required during the regular hunting season.

A special turkey gobbler hunting season will be held in the Northwest Third District from March 31 through April 8.

Migratory bird hunting will probably begin with opening of the marsh hen season September 10 under Federal regulations to be announced later. The early marsh hen season will be held in the near future, Aldrich stated.

In other actions, the Commission announced that its next formal meeting will be held at Okeechobee, Saturday, Aug. 6.

to coincide with spring tides normally necessary to this type of Florida hunting.

Other probable migratory bird hunting seasons include woodcock, November 23 through January 1, and snipe, December 18 through January 1.

A 45-day split dove-hunting season will probably be set later under delegations from the U. S. Fish and Wildlife Service.

A 45-day season, with a bag limit of eight, is expected, and will probably consist of 20 days in October and 25 days in December.

The waterfowl hunting season will be set on late September or early October, followed by Federal regulations.

A special deer hunting season will be held in Gilchrist and Clay Counties from November 23 through December 4, with Mondays, Tuesdays and Fridays closed. A special turkey hunting season will be held in Hardee, Manatee, Sarasota and DeSoto Counties from November 23 through November 27, with Mondays, Tuesdays and Fridays closed. A special quail hunting season will be held in Hardee, Manatee, Sarasota and DeSoto Counties from November 23 through November 27, with Mondays, Tuesdays and Fridays closed. A special quail hunting season will be held in Hardee, Manatee, Sarasota and DeSoto Counties from November 23 through November 27, with Mondays, Tuesdays and Fridays closed.

Special archery hunts will be held in the Ocala National Forest, October 14 through 23, and in the East and Corbett Mangrove, October 29 through November 6. Special bear hunts will be held in the Apalachicola and Ocala National Forests, October 29 through 29.

More detailed hunting regulations will be released in the near future, Aldrich stated.

In other actions, the Commission announced that its next formal meeting will be held at Okeechobee, Saturday, Aug. 6.

## Stop The Leaks And Save On Water Bill

Do you have a little drip in your home? It's costing you money—perhaps more than you think, say the editors of Changing Times. The Kiplinger Magazine, in a day, the steadily dripping faucet can waste almost as much water as one member of the family will use during that day.

Saving water is mainly a matter of thinking about the subject whenever you turn on a faucet. Here are some suggestions on ways to save.

Showers usually require 25 gallons of water—baths, 36. Reduce these figures by turning

off the shower while soaping and turning it on again to rinse and save 15 gallons. Substitute a partly filled tub for a full one and save 16 gallons.

Washing dishes under running water can use up to 30 gallons per meal. You can save by using a dishpan or sinkstopper.

Letting the water run all the time you are brushing your teeth is wasteful.

Use the basin instead of the shower for a shampoo.

Turn off the hot-water faucet when shaving and save up to 25 gallons of water.

It is usually best to keep your water heater on an even setting.

If you want to know whether you're using the average amount

of water, read your meter at the beginning and end of a representative period and calculate your consumption per person per day. It is 25 to 35 gallons, that's pretty good. Fifty is about average. Anything above that is too high for household use.

## Mineral Industry Shows Big Gain

Mineral products, mined in Florida from 1940 through 1952, sold for a total of \$63,232,000. Sales in 1953 (latest available date) reached a high of \$91,915,891, a gain of 67 per cent during the previous five-year period, the Florida State Chamber of Commerce stated yesterday in pointing to the state's growing mineral industry.

Florida's chief mineral product is phosphate, with 1953 sales amounting to \$16,658,333, long tons at \$55,612.72. For many years Florida has been the nation's chief producer of phosphate, accounting for 77 per cent of the national volume during recent years. Further, phosphate made up 63 per cent of the total Florida mineral sales, 1940 through 1953.

Crushed limestone, Florida's second ranking mineral, yielded equally profitable volume in 1953 and sold for \$11,720,419. Other Florida products are listed in the state's weekly business review of the state Chamber's research and industrial division. Sand and gravel production of 7,314,432 tons sold for \$3,199,368.

Clays, including kaolin and fuller's earth, amounted to 146,000 tons worth \$2,842,448; and 25,000 tons of bentonite brought \$185,524. Rutile, one of the state's newer products, brought \$702,781.

Minerals produced in smaller quantities (totalled to avoid disclosure of individual operations) sold for \$18,600,345. These included cement, lime, flint, dimensional stone, petroleum, natural gas, titanium, zinc, iron, concentrates and gravel.

## Florida Ranks Third In Pulp Wood Production

Florida's 10 pulp mills can turn out more wood pulp in a day than can be produced in

the same period in any other state except Washington and Georgia. That fact is revealed in a new U. S. Forest Service report on wood pulp mills in the United States. The state's twenty-four-hour mill capacity is 5,415 tons, 92 per cent of which is the potential of eight sulphate pulp mills. Florida also has one sulfite mill—the only one in the South—and one groundwood mill.

The forest service reports that pulp mills in 33 states. Their total daily capacity is 62,000 tons. U. S. consumption in an average day in 1953 amounted to 53,000 tons.

## LOVE BEGATS STRENGTH

We could talk a long time about the meaning of love. Too slow for those who want to talk about the meaning of love. Too slow for those who want to talk about the meaning of love. Too slow for those who want to talk about the meaning of love.

Time is not for the man who is really interested in his business. Time is not for the man who is really interested in his business. Time is not for the man who is really interested in his business.

"We live on the fifth floor in a flat. I have to carry up the food for Mother, and it takes all of the strength I have."

—Arthur K. White.

## THE BREAD OF LIFE

Would you partake of the bread of life? Would you drink freely of the everlasting water? If so, read, believe and accept God's offer: "If any man hear my voice, and open the door, my will come in to him and will sup with him, and he with me."

You are invited, not because you may be well-to-do, or morally upright, but because you need the soul-enriching nourishment of God's menu.

God's food is powerful! It can transform the soul and renew the mind, as well as heal the body.

The main course to be found at God's table is His gift of salvation—for He gave His Son to die for the iniquities of all mankind. Partaking of this gives us everlasting life (John 3:16).

Many other spiritual foods are offered. There is the "bread of life" which "satisfies the longing soul" (Psalm 107:9).

"Living water" is to be found in abundance, and it quenches the thirst forever. But who soever drinketh of the water shall give him life never thirst.

And there are various appetizers and relishes—promises to make the redeemed hungry for more of God's goodness, and abundant joy and peace to add flavor to daily living.

God has indeed made provision for a great feast—for you!

"O, taste and see that the Lord is good; blessed is the man that trusteth in Him."

Sgt. Clifford Landress

None are more hopelessly enslaved than those who falsely believe they are free.

## THE BELLE GLADE HERALD

## WMU, Youth Rally In Okeechobee

The WMU and Young Peoples Rally of the Big Lake Baptist Association met at the First Baptist Church in Okeechobee on July 21 with two sessions, one at 4:30 p. m. and the other at 7:30 p. m.

Mrs. B. H. Moon, YPL, conducted the afternoon session of the rally. The devotionals were followed by a report of the State WMU Convention by Mrs. V. F. Nall and an election of officers.

The supper hour was followed by a singing in which Dr. B. H. Moon, Extended Hands, Sandra Harden, Clasp Hands, Linda Roberts; Praying Hands, Barbara Adams; Shirley Archer; Strong Hands, a report of the A. Congress, by Mr. Wayne Allen; Here Are My Hands, Delores Mison; Outstretched Hands, a very inspiring message by a guest speaker, Marshall K. A. Christ, student from Baylor University in Texas.

The attendance banner won the last two times by the Broughton Indian Mission was lost to the Cleveland Church.

There is a record of eight churches from eight churches in the association.

Those attending from South Bay Baptist Church were Rev. John Cooper, Mrs. James Henry, Mrs. W. M. Jeffries, Joyce Portant, Dotie Wells.

Dr. J. Leighton Scott, pastor of the Everglades Presbyterian Church will talk on "That Disturbing Question" at the Sunday morning service at 11:00 o'clock, and at the evening service his sermon topic will be "A Love Letter."

The public is invited to attend both services.

## "Sowing Seeds Of Faith" Talk On Baptist Hour

"Wherever the word of God falls, the fault lies not in the ground, but in the sower, but in the seed," says Dr. Harold W. Seever in his Baptist Hour talk entitled "Sowing Seeds of Faith."

Dr. Seever will be heard on station WSWN at 1:30 o'clock Sunday afternoon.

## HOMILY

It is vain to gather virtues without humility, for the spirit of God delights to dwell in the hearts of the humble.

—Erasmus.

## Youth-Led Revival Set August 14-19

Plans are underway for First Baptist Youth-Led Revival August 14-19. The Revival leaders, committee chairman and other workers will all be youth.

The two young men who will preach and lead the music are Stetson students and the other young people are local youth. Plan now to attend. A revival for

the youth.

"HOW DEAFNESS WAS HEALED" 9:30 a. m. Sundays 900 K. WSWN

Prayer

Our Father, help me now, I pray, to remember how Thou hast sought me, and found me, and forgiven me. Help me now to become a channel through which Thy gracious love may go forth to others. In Jesus' name. — Amen.

THOUGHT FOR THE DAY Since Christ loves us, we ought to love one another. Charles E. S. Kraemer (Virginia)

## WMU Palm Lake Youth Rally Held

The whole church led by our youth. The young people of the First Baptist Training Union enjoyed a picnic and swimming party over at Phipps Park in Palm Beach last Saturday afternoon. The group fired hamburgers and at the close Franklyn Jones, president of the Union, urged attendance and support of the "Beat the Heat" campaign. In the evening the group went boning.

Dr. N. Q. Geer conducted the Wednesday evening prayer service in the absence of the pastor. Dorel miss, this weekly "Pause for Power" Special music each week by the Youth Choir.

The Youth choir elected a summer slate of officers. They are: Bonnie Williams, President; Leora Geer, Secretary; Pat Geer, Social Chairman; and Shirley Archer, Treasurer.

The church played host to the WMU of the Palm Lake Association on Tuesday, Youth Day. They were featured and Likia Humphries presided. Miss Bonnie Jean Ray, former mission worker in China, spoke to the group in the morning session.

The Palm Lake WMU Association elected the following officers for 1955: Secretary, Mrs. M. H. Dym; Belle Glade, Treasurer; Olan T. Hamilton, West Palm Beach; Youth Peoples' Leader, Mrs. E. R. Powers, Northwood; Community Missions, Chairman, Mrs. H. C. Donner, Lake Wales; Stewart, Chairman, Mrs. William Belk, Northwood; Prayer, Chairman, Mrs. Vance Woodward, Lake Worth; Mission Study, Mrs. John Crabtree, West Palm Beach; Carver School, Mrs. John Crabtree, West Palm Beach; Children's Home, Mrs. A. W. Watkins; Pianist, Mrs. E. R. Worthorne, Lake Wales; District Supp. Mrs. B. L. Speer; Phoebe, Mrs. Dennis Betts; West Palm Beach; Members at Large, Mrs. E. D. Humphries, Belle Glade, and Mrs. C. C. Cater, West Palm Beach.

There were 30 young people and members of WMU from the Haverhill Church, First Baptist Church, West Palm Beach, service, Lake Worth First Baptist Church, 16; Groceries First Baptist Church, 13; West Gate, 10; Northwood Baptist, 10; District First Baptist, 11; Central Point, 10; Belle Glade, 20. A sandwich luncheon was

held at the church.

## Mass Schedule Is Changed Thru August

Summer schedules for the three Catholic Churches in the Glades area are now in effect and being observed through August, according to announcement by Father Anderson, pastor.

Sunday Mass at St. Phillips in Belle Glade is held at 8:30 a. m. rather than 8:00 a. m., as previously announced. Until September there will be no Mass at St. Mary's in Pahokee and St. Margaret's of Clewiston will be held at 10 a. m.

## MIRACLE OF SCIENCE

Here's welcome news—WONDERFUL NEWS—for those of you who suffer from the discomforts and pain of ARTHRITIS, RHEUMATISM AND SPRAINS. Medical science has now combined two of mankind's most successful healers—HEAT AND MASSAGE—into one amazing device for the relief of Arthritis pain, as well as the pain of common every-day strains and sprains. This amazing "MIRACLE OF SCIENCE" is a soft comfortable versatile pad called the "THERMO-CYCLOPAD." Developed by our country's leading manufacturing machine equipment for use in hospitals and clinics, the THERMO-CYCLOPAD contains both a cycle-motor and a special heating element. This combination of deep penetrating heat and pleasant soothing massage drives deep down through tissue and bone to relieve aching muscles and joints. It stimulates circulation, relieves nervous tension—and it encourages restful sleep. Learn what the "MIRACLE OF SCIENCE" can do for you. Write today for a FREE TRIAL in your home or office to MIRACLE OF SCIENCE, P. O. Box 204, South Bay, Fla.

From where I sit... by Joe Marsh

### Modern Science Finally Catches Up With Grandpa

I got put in my place the other night. Deserved it, too. My father-in-law said we were due for bad weather. "Birds are flying low," he reported. "That means a storm."

I started to josh with the old centurion about being superstitious. Then my nephew Jim, on vacation from college, pipes up. "Grandpa's right," he says.

"At least, that's what they say at school," Jim goes on. "The heavy air you get before a storm forces insects down low—so high-flying birds have to swoop along the ground if they want to eat."

From where I sit, there's probably sound reasoning back of most old sayings... back of anything people have learned to believe in. Take the idea of a stitch in time saving nine—sparing rods and spooling children—of drinking hot milk, or a refreshing glass of beer, at bedtime. You may not hold with any of these beliefs yourself... but it's not smart to give them the bird.

Joe Marsh

**One of the principal improvements in the promotion will be the distribution to every daily and weekly newspaper in the country of a 12-page supplement prepared with the help of the Bureau of Advertising of the American Newspaper Publishers Association and designed to facilitate the sale of Christmas appliance advertising.**

**Other promotional activities will include direct mail appeals to distributors, electric companies, gas companies, banks, and U. S. Steel's 275,000 stockholders and 265,000 employees.**

**Manufacturers, distributors, retailers, utilities and banks will receive complete kits of advertising and promotion material.**

**As a result of last year's campaign, sales of major appliances increased 20 to 40 per cent in every one of the country where dealers, newspapers, utilities and lending institutions cooperated, although historically appliances have not kept pace with many other products at Christmas.**

**Known again as "Operation Snowflake," the 1955 campaign will use the slogan "Make it a white Christmas—give her a major appliance" and will urge the purchase as Christmas presents of refrigerators, ranges, dishwashers, freezers, ironers, washers and dryers—known as "white goods" in the trade.**

**Off to an earlier start and using the experience gained during last year's surprisingly successful trial campaign, U. S. Steel has greatly increased the scope of the project. Active participation by national associations of manufacturers, distributors, retailers, utilities, financial institutions and newspapers has been pledged.**

**One of the principal improvements in the promotion will be the distribution to every daily and weekly newspaper in the country of a 12-page supplement prepared with the help of the Bureau of Advertising of the American Newspaper Publishers Association and designed to facilitate the sale of Christmas appliance advertising.**

**Other promotional activities will include direct mail appeals to distributors, electric companies, gas companies, banks, and U. S. Steel's 275,000 stockholders and 265,000 employees.**

## Check Your Car... Drive Safely!

(Written by M-Sgt. William F. Lewis, NCOS of the 305th US section, MacDill AFB, Tampa. Published in the June issue of Nut & Bolt, the 305th Bomb Wing's monthly maintenance bulletin. Entitled "Ain't Gonna" and sung to the tune of "This Old House.")

This ole car once knew some children, This ole car once knew a wife, And a merry family life.

But its family trips are over, Picked a dang'rous spot to pass Then they saw death's angel pecking Through the broken windshield glass.

Ain't gonna need this car no longer, Ain't gonna need this car no more— Had no time to fix the brakes up, Had no time to fix the steering, Or to drive with more restraint, Ain't gonna need this car no longer, I'm on my way to meet a saint.

## U. Of Miami Enrolls 76 Medical Students

Seventy-six men and women, all Florida residents, have been accepted for re-registration in the 1955-56 freshman class of the University of Miami School of Medicine. This is the largest class in the three-year history of the Medical School at Miami.

Twenty-five Florida counties are represented in the new class, as follows: Fifteen from Dade County; nine from Hillsborough; nine from Broward; five each from Palm Beach and Pinellas; four each from Polk and Volusia; three from Monmouth.

Two each from Alachua, Duval, Leon and Orange Counties and one each from each of Bay, Bradford, Brevard, Calhoun, DeSoto, Gulf, Indian River, Jefferson, Lake, Osceola, Putnam, Seminole and Suwannee.

The group was approved from 181 applicants by the Miami Medical School's Admissions Committee this week, according to Dr. Homer Marsh, Dean. There are sixty-nine men and seven women, the large majority of whom took their pre-medical work at universities and colleges in Florida.

Enrollment of the new class brings the total four year student body to two hundred and thirty-two, the largest since the school first opened, Sept. 22, 1952.

On July 17th, the first permanent unit of the School, a one million dollar three-story air conditioned out-patient building at Jackson Memorial Hospital, Miami, was dedicated in public ceremonies at which Dr. Jay F. W. Pearson, President of the University of Miami, was the featured speaker.

## U. S. Civil Service Positions Open

The United States Civil Service Commission has announced examinations for Social Worker and for Occupational Therapist for filling positions paying from \$3,410 to \$5,060 a year. The social worker positions to be filled are located in various Federal agencies in Washington D. C. and vicinity; the occupational therapist positions, in St. Elizabeths Hospital and the Government of the District of Columbia in Washington, D. C., and in the Public Health Service and other Federal agencies throughout the United States and its Territories. Positions in the Veterans Administration will not be filled from these and Volusia; three from Monmouth.

No written tests will be given. For Social Worker, appropriate education or experience in social case work is required. Applicants for Occupational Therapist positions must be graduates of an approved school of Occupational Therapy. In addition, for positions paying \$4,205 and \$5,060, they must have had appropriate experience. Students (Continued on Page Eight) who are within three months of graduation may apply.

Further information and application forms may be obtained at many post offices throughout the country or from the U. S. Civil Service Commission, Washington 25, D. C. Applications for Social Worker will be accepted by the Commission in Washington until further notice. Applications for Occupational Therapist positions paying \$5,060 a year will be filed with the Board of U. S. Civil Service Examiners, Public Health Service, Washington 25, D. C. not later than August 16, 1955. Applications for the lower-grade positions will be accepted by the Board until further notice.

## NEGRO NEWS

Last Friday was a big day at Lakeshore Elementary School when the Glades area schools participated in Field Day events, a special event of the Summer Recreation Program, sponsored by the Palm Beach County Board of Instruction and the City of Belle Glade.

Supervisors at Lakeshore are S. L. Teague, attendance officer and part time play director, Clifford Jackson in charge of outdoor games and Mrs. Mercedes Robinson in charge of all indoor games and activities.

Winners in the various events for Field Day were as follows: Sack Race—Juniors: 1st, W. J. Thompson, Lakeshore; 2nd, Ernest Williams, Eastlake; 3rd, John Barber, EVH. **Midges**—1st, Jimmie Tillman, Lakeshore; 2nd, John Barber, EVH; 3rd, John Reid, Eastlake. **Relay Races**—Juniors—Boys: 1st, Eastlake; 2nd, Lakeshore; 3rd, No Entry. **EVH Girls:** 1st, EVH; 2nd, Lakeshore; 3rd, No Entry. **Eastlake Girls:** 1st, Eastlake; 2nd, Lakeshore; 3rd, No Entry. **50-Yard Dash**—Midges—Girls: 1st, Mary Singleton; 2nd, Prudence Thompson; 3rd, Mary Owens. **25-Yard Dash**—Mites — Boys: 1st, Samuel Teague; 2nd, Richard Thompson. **Basketball**—Game played between EVH and Eastlake won by Eastlake with a score of 69 to 41. The playoff between Eastlake and Lakeshore called because of rain. **Softball** between Eastlake and EVH won by Eastlake 2 to 7. **Playoff** between Eastlake and Lakeshore postponed because of rain. **Dr. Gorrin** of Apalachicola invented the ice machine and used it for air conditioning his fever patient's room. Florida Caverns State Park has its own air conditioned rooms which stay right at 63 degrees all year around.

### Positions For Safety Inspector Are Open

The United States Civil Service Commission has announced an examination for Safety Inspectors for positions paying \$3,410 and \$3,600 a year in the bureau of Motor Carriers, Interstate Commerce Commission, in various cities throughout the United States.

A written test will be given. Appropriate experience is required. Successfully completed college study in transportation or mechanical engineering may be substituted for all of the experience required for positions paying \$3,410 and for part of that, required for the higher grade.

Further information and application forms may be obtained at many post offices throughout the country, or from the U. S. Civil Service Commission, Washington 25, D. C. Applications will be accepted by the Board of U. S. Civil Service Examiners, Interstate Commerce Commission, Washington 25, D. C., until further notice.

### WASHINGTON NEWS LETTER

**Civil Service Retirees** — WASHINGTON — In 1953 I sponsored Public Law 555 which granted Civil Service retirees their last increase. I am again sponsoring legislation to raise the amount of retirement benefits for retired Civil Service employees. This bill, if passed, would increase the annuity of any retired employee or survivor of a deceased or retired employee under Civil Service by \$54, for each full six-month period elapsed between the commencing date of the annuity and October 1, 1955.

... provided it does not exceed the lesser of \$300 or 3 1/3 per cent of the present annuity. This proposed increase in Civil Service retirement benefits is designed to help pay the present high cost of living, and will not in turn increase the contribution now being made by Civil Service employees to the retirement fund, nor will it affect adversely the stability of the fund itself.

I am hopeful that this legislation, together with my previous bill introduced recently to increase the limitation on earnings of Social Security recipients, will receive prompt and favorable action by the appropriate committees. If the bill is acted upon in this session of Congress, I am confident that they will be considered among the first order of business when Congress convenes next January. However, an exerting every possible effort to obtain their passage during this session.

**Luthians** — As Chairman of the Special Committee of the Senate Interstate and Foreign Commerce Committee set up to investigate all facts and circumstances surrounding the recent agreement between the German airline, Lufthansa, and the State Department, I have scheduled hearings to begin July 26. At this time the Committee will go into the background on transactions involving the Bermuda-Type bilateral air agreements. This is a matter of vital importance to our own airline industry.

**Surplus Commodity Shipping** — This week the Senate passed a bill which provides for the sale of surplus agricultural commodities for foreign currencies. The bill is reported to the Senate, contained a provision which would have made the cargo preference law inapplicable. The cargo preference law requires at least 50 per cent of the goods to be shipped by American flagships. As the bill passed the Senate, this provision was stricken and American vessels will carry at least 50 per cent of the goods. This, in my opinion, is a victory which will help sustain our Merchant Marine fleet.

**Air Defense** — Senator Holloman and I are doing everything possible to have provided appropriations for the proposed Buckingham Wepon Base location. P. Meyer No funds were provided for this project in the Supplemental Appropriations Bill which passed the House. We are working hard to stress the importance of this project before the Senate Appropriations Committee in the hope that the bill will include the sum of \$11,577,000.

for the next fiscal year. I have personally discussed this matter with Senators Russell, Hill, Stennis, Hayden, and many others of the Appropriations Committee, and we feel that the situation looks very optimistic towards this amount being included in the bill as reported out by the Committee.

### Two Down, One To Go

The Federal-Aid to Airport Bill, as amended by the House, was sent to the White House for signature this week. This bill provides Federal funds on a matching basis for the construction of public airports and terminal facilities. The bill, as amended, would make available to the State of Florida approximately \$851,856 for each of the next four fiscal years. I am sure Florida will welcome the news of the passage of this bill for it means that we may have the long awaited matching funds to build and improve our municipal airports and terminal facilities.

### Clean-Up, Paint-Up Day Instituted By Legion

Fourteen members of Everglades Post No. 29 "turned out" Sunday as a working detail on the grounds and building at the local Legion Post.

Eleven Field of the above programs will have the opportunity to attend one of more than fifty schools.

The roof of the building received attention by a detail with the legionnaires.

Commander Brooks has announced that there will be eleven members of the legionnaires on the grounds and buildings may be kept more "ship shape."

Other participating were: Ray Patten, Cliff Gage, and Leland Keller, W. H. McCarty, J. B. Jones, Jack Rashley, Jesse Moses, Junior Dean, Carl Dean, D. D. Brooks, Russell Bass, James Dean and Jean Heibner.

### LOCAL ARMORY GETS CONTINUOUS (Page One)

"We of the Guard are most appreciative for the help given by our local folks and the County Commission, and it will be our most earnest desire to give the people of this county the best of which we all will be proud."

It is estimated that with the plans and general acceptance all around, the commencement of the building may be expected by February of '56.

### TWO NEGROES BEING HELD FOR TRIAL (Page One)

It had been learned his car to a friend, R. T. Thomas. According to Prescott, Thomas is in custody from the County Jail here sentenced for drunken driving on March 26, 1955, and served two days of the 90-day sentence. Records also showed that he had served a stretch for larceny in the County Jail in 1954.

### SUMMER PROGRAM (Continued from Page One)

bling were: 1st, Patty Wilkinson, 34, out of 35 points; 2nd, Barry, 32, 32; 3rd, Wanda Jo Lowery, 31. There were 11 entries in the girls' division. In the boys' section, winners were Dewight Ward, 31; 2nd, Russell Funk, 27; 3rd, Skipper Peacock and Ronnie McWhorter, 26. Thirteen boys were entered.

Jerry Peacock was the winner in his class. Turner was for mile boys; Pat Webster for mile girls. Skipper Peacock won in the middle boys' tournament and Mary Vi Mathewson for the middle girls.

In the badminton tournament Louis Funk won in the boys' division and Ellenor Soles in the girls. Ping pong, middle boys won by Skipper Peacock and mile boys won by Dede Mills. In the girls' division Jimmy Leigh Mills won.

Billy Pearce won in the boys' shuttleboard tournament and Pat Webster won in the girls'. In the age group of 12 and older, Charles Poole, Jimmie Leigh Mills won.

**WERE YOU IN THIS?** Forty-three thousand of the 72,000,000 licensed drivers in the United States were involved in fatal motor vehicle accidents last year, in which 36,000 persons were killed.

The 1955 edition of "Accident Facts," the National Safety Council's yearbook, which is just off the press, also shows that 1,350,000 drivers were involved in nonfatal injury accidents.

Mr. and Mrs. Lee Berryhill and daughter, Lee Ann spent the weekend in Key West. They were accompanied by Mr. and Mrs. Harry Hall and children of Miami. The Halls are former Belle Glade residents. Mr. Hall was technician and Mrs. Berryhill on the nurses' staff at the local hospital.

### Uncle Sam's Navy Offers Education

High school graduates may satisfy their military obligation and at the same time continue education, even to specializing in a vocation or profession that is valuable in civilian life, according to Petty Officer LaVertu, local Navy Recruiter.

At the present, recruit training lasts for a period of nine weeks, after which the man is granted fifteen days recruit leave before being transferred to one of the scores of Navy operated trade schools.

Mr. LaVertu further stated that the high school training program isn't exactly new in the Navy, it was stopped two years ago due to the cut in personnel. Now, as before, a young man who is a graduate from high school may apply for enlistment in one of the high school programs provided he is found fully qualified both mentally and physically. They are called "High School Hospital Recruit" (this is a new program and includes Hospital Corpsman and Dental Technician).

Mr. LaVertu urged every young man to investigate the opportunities now being offered by the Navy for one of the above jobs located in the Draft Board downtown Belle Glade on Tuesdays, Wednesdays and Fridays.

### Convention Highlights Told Local Jaycees

Jack Thomas, of West Palm Beach, vice president of 8th District, the Junior Chamber of Commerce, was guest speaker at the regular dinner meeting of the local organization at the Municipal Country Club last Thursday night.

Mr. Thomas spoke on the highlights of the recent National Convention held in Atlanta, Ga. Other guests giving brief talks on the same subject were Ed Pryor, president of West Palm Jaycees, Jack Horner, past president of the W. Palm Beach Jaycees, and Marshall Cruse, West Palm Beach attorney, who is on the Jaycees Board of Directors.

Dalton Harrison, a local visitor, was also introduced. The group discussed plans for the second Annual Jaycees Dinner to be announced later.

### Births

**JULY 13** — Mr. and Mrs. John Waters, (Laurie Crompton) Belle Glade, announce the birth of a daughter, Gayle Elizabeth, weight 7 lbs., 7 oz., at Good Samaritan Hospital, West Palm Beach.

**JULY 15** — Mr. and Mrs. J. W. Wells (Dolores Anne Lattin) Belle Glade announce the birth of a daughter, Rebecca Jean, at Good Samaritan Hospital, West Palm Beach.

**JULY 20** — Mr. and Mrs. Wendell W. Wells (Dolores Anne Lattin) Belle Glade announce the birth of a daughter, Rebecca Jean, at Good Samaritan Hospital, West Palm Beach.

**JULY 20** — Mr. and Mrs. Ed Dalton Harrison, a local visitor, was also introduced. The group discussed plans for the second Annual Jaycees Dinner to be announced later.
